

EUROGEO SURVEYS IS CO-ORGANISING THE UNFC WORKSHOP

About the workshop

The United Nations Framework Classification for Resources (UNFC) is an important tool for natural resource management that can harmonise data from different classification and reporting standards and hence make a significant contribution in attaining some of the Sustainable Development Goals. Organised in the framework of the EU Raw Materials Week, the workshop on the “UN Framework Classification for Sustainable Resources Management in Europe” will show how UNFC could help to consolidate EU level data and information on mineral reserves and resources, present relevant case studies and discuss plans for its implementation in Europe.

Who should attend?

The workshop provides a unique opportunity to discuss a transparent and harmonised classification framework for mineral raw materials in a cross-disciplinary environment and is particularly relevant for EU policymakers, national government officials, academics, energy and minerals company executives, as well as finance, industry and environment experts.

Workshop Programme

"UNFC, UN Resource Management System and the Sustainable Development Goals" by Charlotte Griffiths (UNECE)

"From Minerals to Energy to Anthropogenic Resources" by Sigurd Heiberg (Chair, UNECE Expert Group on Resource Classification Commercial Working Group)

"Policy and Future of UNFC and EU - the need for a compressible management system for resources in the EU" by Rodrigo Chanes-Vincente (DG GROW)

"Mintell4EU; UNFC applied to European Mineral Resources" by Kari Aslaksen Aasly and Henrik Schiellerup (NGU)

"Case studies from Central Europe, and lessons learned for further work" by Horváth Zoltán (MBFSZ, EGS-MREG)

"Recent observations from ORAMA project; could UNFC be key part in solving the issues in making the European raw material data collection work?" by Perttu Mikkola (GTK)

"Alignment of industry code to UNFC" by Michael Neumann (EFG)

"UNFC Competency concept" by Vitor Correia (EFG)

Venue

Hôtel Le Plaza Bruxelles
Boulevard Adolphe Max
118-126
1000 Brussels, Belgique
