

Practical information

Thematic Workshop on Groundwater

8-9 September in Kalmar, South Baltic water district authority – Sweden

The venue

The workshop will be held in the premises of the Administrative Board of Kalmar County, the office of the Swedish South Baltic water district authority, Kalmar located in the southeast of Sweden on the Baltic sea.

Address: Administrative Board of Kalmar County, Regeringsgatan 1, 391 82 Kalmar, Sweden. See below the localization map.

Travel

The closest airport is Kalmar airport, 15 min from Kalmar.

One can also take the plane to Copenhagen airport and continue with the direct train to Kalmar (4 hours). Please check train times before on [SJ](#). One can buy train tickets on the station or beforehand.

Accommodation

For accommodation a number of hotel rooms have been reserved at Best Western Plus Kalmarsund Hotel from the 7-9 September. The reservation will be kept until the 7th of August. The booking can be done by email info@kalmarsund.se or phone +46 480 480 380. Please give the booking nr 40330485 to get the price of 895 Swedish kroner (95 Euros). For other hotels you can contact the Travel agency Big travel on +46 480 172 88.

Lunch/dinner

Working lunches and social dinner will be provided to the participants by the peer review secretariat.

Field trip

A field trip is planned the first day in the afternoon for team-building and to look on who surface water is used for artificial recharge for abstraction of groundwater from an esker aquifer (glaciofluvial deposits) supplying the town of Kalmar with water as well extra volumes needed for the island Öland during this year's water shortage.

Contact

Åse Eliasson (ase.eliasson@lansstyrelsen.se) from the Swedish South Baltic water district authority remains at your disposal for support.

According to the Service Contract on Peer review, there are **no registration fees** for attending to Peer Review workshops. Travel and accommodation expenses are to be paid by the participants' own institution, which remains responsible for its participation to this European workshop.
