Dear,

We cordially invite you to our First International Multidisciplinary Geo-Science Conference - IMGC2019 (<http://www.imgc-umib.net/>), conference meeting that will take place at University of Mitrovica, Mitrovicë, Republic of Kosovo on 10-11 October 2019.

The Faculty of Geosciences at the University of Mitrovica "Isa Boletini", in cooperation with the Ministry of Economic Development and the Independent Commission for Mines and Minerals will organize Multidisciplinary Geo-Science Conference.

The main purpose of the conference is to bring together academics, researchers, engineers and industrial professionals to present their research results and the development activities in the field of geosciences.

The conference also provides opportunities for mining and processing companies, to present and promote methodologies, contemporary research technologies, and exploitation of the mineral resource, recycling, and innovative environmental protection technologies.

We have the honor and the pleasure that your preparation and your professional experience be part of our conference so we invite you to be part of the Scientific Committee of the Conference by sending us an E-mail with your confirmation to be part of the Scientific Committee Conference.

Your participation and contribution to this conference is welcome and highly appreciated.

Best regards,

Prof. Dr. Naser Peci

Dean, Faculty of Geosciences

University of Mitrovica "Isa Boletini"
